As a result of a modification to the toothed belt tensioner by the vehicle manufacturer, the tensioner pulley Part no. 531 0361 10 and the KIT 530 0191 10 may only be fitted in the vehicles listed below with the corresponding engine variant and restricted by year of construction.

A modified tensioner will be offered by INA for vehicles registered after the specified period (531 0818 10).

Please note these restrictions when using the printed version of the INA catalogue "Belt drive components 2008/2009". This will not be updated until the next issue of the full catalogue is released.
