

New bolt – tension roller 55446

Technical info no. 1958

Applies to make/model:

Audi A6, Volkswagen T4, LT 28-35, LT 28-46

Applies to part no.:

No.	RUVILLE ref.	OE ref.
1.	55446	074 109 243 R 074 109 243 J (replaced) 074 109 243 G (replaced) 074 109 243 F (replaced)

Applies to engines:

2.4 D, 2.5 TDI

Important note:

Adhere to the manufacturer's specifications at all times!

Owing to RUVILLE's continued product refinement efforts and quality assurance standards, the tension roller 55446 is supplied with a new bolt (picture 3).

Features:

- Flat screw head with Torx drive
- Screw head Ø 18.5mm
- Property class 10.9
- Thread-locking compound
- Improved self-locking function

RUVILLE recommends that the original bolt (picture 2) be replaced by the supplied bolt.

Tightening torque:

20 ± 1,5 Nm
