

CHANGE OF MATERIAL – DEFLECTION PULLEY 55956

TECHNICAL INFO NO. 1967

APPLIES TO MAKE/MODEL:

Citroën:	Jumper
Peugeot:	Boxer
Fiat:	Ducato

APPLIES TO ENGINES:

2.8 HDI, 2.8 JTD

APPLIES TO PART NO.:

No.	RUVILLE ref.	OE ref.	Manufacturer
1.	55956	6453.KH	Citroën
		6453.KH	Peugeot
		500346226	Fiat

Owing to RUVILLE's continued product refinement and quality assurance standards, the plastic roller of the deflection pulley 55956 has been replaced by a metal roller.

During the transitional period it may be possible that deflection pulleys will be shipped with either plastic or metal rollers.

IMPORTANT NOTE:

Despite the different materials both versions of the deflection pulley are fully compatible with the models specified in the catalogue.

Adhere to the manufacturer's specifications at all times!
